Sub:- Appointment of Field Staff in Agricultural Department - Amendment to C&R. Rules

Ref:- Letter No. EST-II AAS7/43/16263 dt. 28-2-1963 from Director of Agriculture.

1. At present there are three cadres of Field Staff in lower cadre of Agriculture Department as follows:-

(1) Agricultural Assistants or Field Assistant.	Rs.100-5-150-6-180-10-200 (graduates)
(2) Field Assistants	Rs.80-3-110-4-130-5-150
(3) Fieldmen or Agricultural Assistants.	Rs.80-2-90-3-120

Out of the above three categories, only one i.e. at S.No.(2) has been included in the C. & R. Rules of Agricultural Department. Mode of recruitment prescribed for this cadre is direct recruitment cent per cent, from among S.S.L.Cs. (or equivalent), L.A.Gs., B.Sc.(Ag)s or/and other degree. Since the other two categories are not included in C. & R. Rules the mode of filling up vacancies in these two cadres are not prescribed so far.

2. The Director of Agriculture has now reported that owing to the above omissions in the rules he could not adhere to the C. & R. Rules so far in the matter of filling up of vacancies in these three cadres and therefore he has suggested the following mode of filling up the vacancies, similar provision being made in the C. & R. Rules:-

(1) Agricultural Assistants or Filed Assistants (Rs.100-5-150-6-180-10-200)	Cent Percent ~~Govt. perceve~~ by promotion of field Assistants (Rs.80-3-110-4-130-5-150)
(2) Field Assistants Rs.80-3-110-4-130-5-150).	(i) 50 % by promotion of Fieldmen or Agricultural Assistants in the grade of Rs.80-2-90-3-120.
	(ii) 50 % by direct recruitment from candidates who have passed S.S.L.C. or equivalent examination, preference being given to those who are trained in Basic Agricultural Schools and/or those who have taken Agricultural as one of their subjects.

B	(3) Fieldmen or Agricultural Assistants (Rs.80-2-90-3-120)	Cent Percent by direct recruitment from candidates who have completed L.S. or III Form or equivalent examinations and have undergone training in any of the Basic Agricultural Schools.

3. The above mode of recruitment is reported to be necessary in the interest of filling up vacancies quickly in the interest of expeditious executing of Plan Schemes in this Emergency. The Director of Agriculture has also mentioned that he has been taking action to fill up vacancies as per the above mode of recruitment suggested by him in anticipation of approval of Government.

4. At the out-set we may perhaps approve the action taken by the D.A. to fill up the vacancies as per new amendment suggested by him for the C. & R. Rules, making it clear to him that all appointments and promotions will be purely as a temporary measure and subject to review in the light of amendments (proposed to be issued) secondly, the proposed amendment may also be agreed to and issued with the concurrence of G.A.D. and S.L.R.C.

5. Incidentally a slight confusion is felt by the existance of identical and overlapping designations for posts in different cadres with different pay scales, for instance, Agricultural Assistants in the Scale of Rs.100-200 are also called as field Assistants where as there is a separate cadre of field Assistant in the scale of Rs.80-150. Similarly, fieldmen in the scale of Rs.80-120 are otherwise called as Agricultural Assistants whereas the field Assistants in the scale of Rs.100-200 are also designated as Agricultural Assistants. As such an Agricultural Assistant may be either in the scale of Rs.100-200 or in the scale of Rs.80-120 and there are no other ways of distinguishing them by designation only. To avoid this confusion it is suggested that in the proposed amendment, the following new designations be adopted:-

Existing Designation.	Proposed new Designation.
(1) Agricultural Assistants or Field Assistants. (Rs.100-200)	(1) Agricultural Assistant (Grade I)
(2) Field Assistants (Rs.80-150)	(2) Agricultural Assistant (Grade II)
(3) Fieldmen or Agricultural Assistants (Rs.80-120)	(3) Agricultural Assistants (Grade III)

6. Orders are therefore solicited

(1) to approve the action taken by the D.A. subject to the condition indicated in para 4 n.f. and

(2) to amend the C. & R. Rules of Agricultural Department as proposed by the D.A. (vide para 2 above) adopting new designations to the posts as suggested in the above para.

7. We were asked informally to examine this case in the light of a recent D.O. letter No.44/63-ECPA dt. 5-2-1963 received by the Secretary, A. & F. Deptt. from Shri Y.N.Verma, Extension Commissioner to Govt. of India. Minister for Food and Agriculture and copy of this letter is at page 21 C.F. This letter relates to filling up the posts of Agricultural Demonstrators/Extension Officers from the cadre of Agricultural Assistants and Gramasevaks. Shri Verma feels that the existing provision in the C. & R. rules to fill up posts of Agricultural Demonstrators/Agricultural Extension Officers by promotions of Agricultural Assistants and Gramasevaks, to the extent of 66 2/3 % will undermine the technical calibre of Agricultural Department as the Gramasevaks and Agricultural Assistants have no requisite technical qualification sufficient for the post of Extension Officers and Demonstrators. Shri Verma also feels that Agricultural Extension Officers and Agricultural Demonstrators should be agricultural graduates at least.

8. It can straight away be pointed out here that the suggestions of Shri Verma is not in any way contrary to the proposal ~~by~~ of Director of Agriculture being examined in these proposals. While the Director of Agriculture has suggested mode of recruitment to the field staff

in the lower cadre - lower than that of Agricultural Demonstrators and Extension Officers, the D.O. letter of Shri Verma relates to filling up of posts in the cadre of Agricultural Demonstrators and Extension Officers itself. These two proposals being distinct and separate, they can be considered in separate files as is being done now. Remarks of the Director of Agriculture have been called for separately on the suggestion of Shri Verma and as soon as Director of Agriculture's reply is received the same will be examined in the concerned file (AF 73 AEN 63) for this reason, we may confine ourselves in these proposals only to the present proposal of Director of Agriculture i.e. Agricultural Assistants, field Assistants and Fieldmen. Of course it can be asked why all these proposals cannot be put together in one file and dealt with concurrently as all of them eventually lead to the amendment to C. & R. Rules. The only plausible explanation for this is that the suggestion of Shri Verma requires consultation with Public Service Commission and the present proposal of Director of Agriculture requires consultation with State Level Recruitment Committee (instead of Public Service Commission) and as such the issue of orders on the proposal of Director of Agriculture can be expedited more speedily.

9. In short, for orders on para 6 n.f.

15/8/63 (i) For kind perusal & orders as per the instructions of the Secy.

(ii) D.S) This matter has been completely examined in the joint committee meeting and a solution is arrived at which is being dealt with in another file (promoting Extension officers from among the Gram sevaks). The other file may be put

33 Please refer to the report dated 27th Feb.1963 of the Director of Agriculture at page 1 c/f. In view of the difficulties enumerated by him, it is now proposed to amend the Cadre and Recruitment Rules of this Department in so far as the recruitment of Agricultural Assistants are concerned, as noted in the draft Council note put up. Now it is proposed to have 3 grades in respect of Field Assistants and the basis of promotion and the qualifications are noted in para 2 of the draft Council Note. G.A.D.(O & M) has agreed to the proposal

34. The Director of Agriculture has been pressing for issue of orders so as to enable him to fill the existing vacancies as progress of work pertaining the Plan schemes is held up for want of hands. The Deputy Secretary also discussed this question with the Joint Director of Agriculture. The Secretary, A & F has been pleased to give instructions to see that the question is finalised immediately.

35. ~~In the draft amendment proposed to the recruitment rules,~~ As urgent the number of posts to be assigned to each of the 3 grades as noted in the Council Note, ~~vide~~ para 2 of the same, ~~cannot be done at this stage as~~ the Director of Agriculture, in his letter dated 27.7.6 has informed that he is collecting the actual data. This number is included in the draft amendment to the rules which requires concurrence of F.D.

According to ~~this~~ the opinion of the Law Department, ~~and~~ provision for recruitment for Malis, Counters and Mukdams has to be made in the draft recruitment rules before further action. 86. The D.A. in his letter dated 26-2-64, on page 49/CF. has also made a reference to Government to withhold operations on the provisions of the Cadre and Recruitment Rules relating to the recruitment of Agriculture Assistants in view of the several difficulties involved having regard

Ref: Orders of the Minister in para 88 of note file in the previous page. As per these orders, the D.A. has been requested to send revised proposals with draft amendments in regard to the recruitment of field men and field Assistants. There is one more question to considered in this file viz., the proposal of the D.A. made in his letter dated 26-2-64 at page 47CF. to hold in abeyance the operations of the provisions of Cadre and Recruitment Rules, relating to recruitment of Agriculture Assistants in view of what is explained in the letter dated 27-7-63 of ~~that~~ his Dept. at page 29 to 31 CF. There is no provision to keep in abeyance the operations of the Cadre and Recruitment Rules, ~~in so far as recruitment of Agriculture Assistants are concerned~~. If the posts are not filled up according to present rules, then it will	94

serve the end. It is not clear, why the Director has made this proposal to keep in abeyance of the operations of these rules in so far as these appointments are concerned. The Director has been complaining that several posts are vacant in the Dept. It is not clear why the post should not be filled up according to the existing rules. If he feels that the post may be filled up after the amendments are approved which will take a long time, then there is another alternative to fill up the post, viz., to appoint persons temporarily. ~~by taking the agreements to that effect~~ and until further orders. There is no objection to have these post filled up accordingly until further orders as such. No doubt, there was a writ petition in the High Court against the recruitment of officials as Agriculture Demonstrators on temporary basis on similar conditions and a writ was filed ~~as~~ a contempt of court against the orders passed by the Director of Agricxulture in that connection. After the Director explained to the High Court that these posts are made ~~made~~ only temporarily and the services of the officials employed could be terminated at any time, the High Court discharged the Director of Agriculture. But the Director of Agriculture is not taking any action now to recruit officials even temporarily in so far as Agriculture Demonstrators are concerned. As regards field men and Field Assistants there may be no objection to fill up these posts temporarily and until further orders after taking an agreement from the candidates concerned, if the Director feels that the work has suffered for want of men

145) The question was discussed by the Secretary, A & F. with Dr. Arakere, Joint Director of Agri. on 26-12-64. Having gone through the amendments proposed by the Director of Agriculture as at pages 42 and 43/cf in regard to the rules governing the appointment and promotion of Agricultural Assistants, it was decided by them that the nomenclature of Agricultural Assistants may be retained for all the 3 grades as Agricultural Assistants, Grade I, Agricultural Assistants, Grade II and Agricultural Assistants, Grade III for administrative convenience instead of adopting nomenclature as proposed by the G.A.D. in para 70/nf. They have further decided that the mode of promotion ~~or~~ and

The decision taken is noted at page 89 cf/. (Draft I)	167.

	The amendments before issue are required to be approved by the Cabinet and then by the Governor. Several posts of Agricultural Assistants are vacant for a long time and it has hindered the progress of Development Schemes in the Agriculture Dept. Perhaps the amendments proposed may be issued with the approval of the Governor after scrutiny by the Law Department pending approval of the Cabinet having regard to the urgency in the matter. This course was adopted in the case of amendments to the recruitment rules of Agricultural Demonstrators. But this can be done only with the approval of the Chief Secretary, the Minister for Agriculture and the Chief Minister.	169.

Perhpas Government may take initiative to consider the question as to how best the posts of Field Assistants and Fieldmen could be filled up immediately.	
	Under the standing orders, the appointing authority may appoint local candidates for a period of 9 months and report the action to the concerned recruitment authorities and get their approval for continuance of such local candidates after 9 months till the posts are regularly filled up. The point for consideration is whether the Director of Agriculture may be requested to recruit candidates locally under this rule so that the posts may be filled up immediately as otherwise there is no likelihood of the posts being filled up regularly in due course. It may take even a year or more for the Recruitment Authorities to fill up posts after calling for applications etc.	218
	Orders transferring power of recruitment to these categories to the P.S.C. are not yet issued and if there is any likelihood of existing authority being continued viz. 	It is stated by the Department of Agriculture that there are nearly 625 Field Assistants and 145 Fieldmen posts vacant in the department and that in the interest of Food Production it is necessary that these posts are to be filled up immediately in accordance with the Cadre and Recruitment Rules of the Department which were issued on 27th April 1965. According to the latest resolution of the Cabinet the recruitment of all Class III posts has to be transferred to the PSC and pending such transfer, the Recruitment Committees have been under instructions to process only those applications where they have already called for interviews or where they are interviewing. They have been instructed not to take up any further recruitment work. The PSC who have been consulted about the necessary amendment to the Recruitment Rules have not yet furnished their views in the matter. It is very likely that the amendment of these Rules and the issue of orders transferring the recruitment work to PSC may take a few more months and even thereafter some more months will elapse before a regular recruitment ~~in~~ any cadre can take place ~~be taken on by the PSC~~. In these circumstances, the A&F Department has put up two alternative proposals for consideration .-	
	i) permitting them to appoint local candidates for a period not exceeding 9 months for all the vacant posts.	
	ii) authorising the A & F Department under proviso to rule 6 of the Recruitment Committees (Constitution and Functions) Rules 1962 to recruit Class III posts.	
	~~The G.A.D. is of opinion that~~ The recruitment of such a large number of Field Assistants and Field Men as local candidates may not be in the interest of services and ~~eventually~~ such	238

arrangement may lead to complications as we are thinking of avoiding the local candidates as far as possible and to have only regularly recruited candidates. With regard to the Second suggestion, the only ~~possible~~ objection may be whether ~~it~~ would be in order to authorise the Agriculture Department now with the powers of directly recruiting candidates when we are now thinking of transferring the recruitment work of all Class III posts to the MPSC. But in view of the urgency of the matter if the Agriculture Department will take necessary steps to see that the recruitment work is carried on in an expeditious manner, the second alternative may perhaps be approved. One point that has to be taken into consideration at this stage is, even if the department is given such authorisation they have to immediately prepare subsidiary Rules in consultation with the Law Department regarding the detailed procedure to be followed in the matter of selection as it is understood that the High Court has held certain provisions of the existing Recruitment Committees Rules as being vague etc., and those rules may not be helpful.

	or to authorise ~~this place in~~ the Agriculture Department for adhoc recruitment. It seems to me that authorising the Agriculture Department to undertake recruitment under proviso to Rule-6 of the Recruitment Committees (Constitution and Function) Rules 1962, would be as long drawn a process as entrusting the work of recruitment to the Public Service Commission. The circumstances therefore appear to compel us to agree to an arrangement of making local appointments. With the past experience of having local candidates in various Departments, it would certainly be a difficult proposition, as candidates once appointed will continue in service for one reason or the other and later on Government will be placed in a embarrasing position in regard to: (a) appointment of regularly recruited candidates and (b) regularisation of local candidates. But no satisfactory solution appears to me be available ~~be considered~~. If we have to agree to local appointments being made, we may stipulate that such ~~an~~ appointments should be strictly limited to a period of 9 months, within which time regular recruitment should be made. the five Gramsevaks Training Centres in the State are at present fully engrossed in training the candidates selected for the posts of Gramsevaks and till the requirements of the Development Department are fully met with in respect of Gramsevaks, it may not be possible for these institutions to train the candidates selected for the posts of Field Assistants or Agricultural Assistants. Besides, the Agricultural Graduates coming out of the two colleges are being appointed as Agricultural Demonstrators or Extension Officers and Research Assistants in Grade Rs.150-400 and, as such, there is no likelihood of getting these Agricultural Graduates to fill in the posts of Field Assistants on a lower scale of pay. Further with the closure of the Hebbal Agricultural School, no more L.Ags are available for fresh recruitment. The scale of pay of Rs.80-150 sanctioned to these posts is not attractive enough to induce other graduates to join the Department since the very nature of duties demand that they have to serve in rural parts and also discharge exacting Field work.

In view of these difficultities and the urgency in implementing the plan schemes, I propose to fill up the vacancies in this remaining grade, i.e. Rs.80-150, for the time being, by appointment of candidates who have passed S.S.L.C. or equivalent examination, preference however being given to those who have undergone training in the Basic Agricultural Schools and to those who have taken Agriculture as one of the optional subjects. I also propose to promote officials working in the Cadre of Fieldmen and Agricultural Assistants in grade Rs.80-120 in the ratio of 1 : 1, i.e. 50 per cent of the vacancies would be filled up by direct recruitment and the remaining 50 per cent by promotion from the lower cadre. The question of training the candidates thus appointed in any of the Gramsevaks Training Centres when facilities become available, will however be kept in view and taken up at a later stage. This procedure will be followed till the publication of the revised draft Cadre and Recruitment Rules of the Department. In view of the urgency of the work, I am taking necessary action to fill up vacancies as per these proposals in anticipation of approval of Government. I, therefore, request that approval of Government the same may kindly be obtained and communicated early.

In regard to the other two categories of posts which have been included in the Cadre and Recruitment Rules of the Department necessary action will be taken for filling up the vacancies in grade of Rs.100-200 by promotion from the grade of Rs.80-150 and those in grade of Rs.80-120 by appointment of candidates who have completed L.S. or III Form or similar equivalent examinations and have undergone training in any of the Basic Agricultural Schools as was being done hitherto.

Top Priority

Date 27 February 1963.

To
The Secretary to Government of Mysore,
Agriculture & Forest Department, Bangalore.

Sir,

Sub:- Appointment of Fieldmen and Field Assistants.

I write to state that a number of posts of Fieldmen and Field Assistants have been sanctioned in the plan Schemes. In view of the importance attached to these schemes under the National Emergency it has become an urgent necessity to fill up all these posts in order to achieve the assigned targets. But since it has not been possible to adhere to the provisions of the Cadre and Recruitment Rules of the Department, very great difficulty is being experienced in filling up these vacancies.

There are three categories of posts in the Cadre of Field Assistants and Fieldmen in the Department at present as detail below:-

1.	Agricultural Assistants or Field Assistants.	Rs.100-5-150-6-180-10-200.
2.	Field Assistants.	Rs. 80-3-110-4-130-5-150.
3.	Fieldmen or Agril.Assts.	Rs. 80-2-90-3-120.

But, in the Cadre and Recruitment Rules of the Department issued through Government Notification No.GAD 41 GRR 57 dated the 26th September 1961, the posts in the grade Rs.80-150 only have been included, a separate grade of Rs.110-220, however being prescribed for the Agricultural Graduates. The minimum qualification prescribed for appointment to this grade is (i) S.S.L.C. or equivalent qualification, or (ii) L.Ag. or (iii) B.Sc. (Agri) or (iv) Degree of a recognised University or equivalent qualification. According to these rules, the persons who are not B.Sc.,(Agri) or L.Ags., if selected for appointment, will have to be sent for training in a Gramsevaks' Training Centre for two years course, those who are B.Sc.,(Agri) and L.Ags being sent for training in a Gramsevaks' Training Centre, for a period of six months. In view of the immediate requirement of field staff of the lower category to man the various schemes sanctioned from time to time it is found not practicable to adhere to the above conditions under the existing conditions. Moreover, the

I request for early orders of Government in the matter.

Yours faithfully,

Ministry of Food & Agriculture
(Department of Agriculture)
Dr.Rajendra Prasad Road, New Delhi

Dated the 5th February, 1963.

My dear Sri Hombalayya,

It was brought to my notice at Bangalore that Government of Mysore had taken a decision that 66% of the posts of Agricultural Extension Officers should be reserved for village level workers after they had put in 3 years' service. I expressed my concern to you and to the Minister for Agriculture. The VLWs have been multipurpose workers so far. They are only Matriculates and have no agricultural degree before they are recruited and given general agricultural training in the Extension Training Centres for a period of two years. From time to time opinion has been expressed that VLWs do not know enough of agriculture and a concession has been made by several States to allow them to take up Graduate Course in Agriculture. The Indo-American Team also was of the view that the agricultural content of the training of VLWs in the Extension Training Centres was not sufficient. The Community Development Institute at Mussoorie after evaluation came to the conclusion that the VLWs were very deficient in their knowledge of laying demonstrations. As agriculture tends to be more scientific a much higher technical knowledge of agriculture will be needed from even the VLWs. The Agricultural Extension Officers will have to be of a very high calibre. The VLW after three years has not been considered to have acquired sufficient knowledge to qualify even for a refresher training for which five years period has been prescribed. He is not deemed to have sufficient, field knowledge for understanding refresher courses. In the circumstances, to consider a VLW of three years standing for appointment ~~to consider a VLW of~~ as Agricultural Extension Officer, is not a sound decision. A VLW even of 10 - 15 years standing should have to pass an examination in Agriculture before he could be deemed to qualify to be appointed as Agricultural Extension Officer. No State has taken such a step. Agricultural Extension Officers in the Blocks must have sound technical qualifications combined with field experience. He must be an Agricultural Graduate at least. Therefore, the decision of the State Government to reserve 66% of posts of Agricultural Extension Officers for VLWs will undermine the technical calibre of the Agriculture Department and will have adverse effect on the agricultural production.

As mentioned to you and to the Minister, for Agriculture, this matter needs reconsideration urgently as I apprehend that this will not be in the larger interests of the efficient work of the Agricultural programme of the State in the long run.

Yours sincerely,

Sd/- Y.N.Varma.

AGRI. & FOREST DEPTT (AGRI.)

Dear Sir,

Subject: Appointment of Fieldmen and Field Assistants.

Reference: Government Letter No.AF.117.AEN. 63 dated 16-7-1963.

-:-

With reference to the above, I write to state that the Cadre of Fieldmen, Field Assistants and Agricultural Assistants consists of a large number of posts and in view of sanction of many Comprehensive Plan schemes as also fresh schemes recently by Government, the up-to-date information is not readily available in this office. In order to furnish correct information, it has to be collected from the subordinate officers, scrutinised, compiled and then sent to Government. Necessary action is being taken in this direction separately to collect the information and send up a Comprehensive proposals for revision of the Cadre and Recruitment Rules of the Department. But this will take some time and till then, it is not desirable to keep the posts of field staff in several plan schemes vacant in the interest of work in the said schemes. Some adhoc arrangement will have to be made to fill up the vacancies as otherwise the work in the plan schemes will receive a serious set-

back and the progress as scheduled cannot be achieved. With this end in view, Government were requested in this office letter of even number dated 27-2-1963 (copy enclosed for ready reference) to relax on temporary basis, the condition of deputing the candidates selected as Agricultural Assistants for a two years course in the Gramsevaks' Training Centres, which is proving as an impediment in the way of filling up the posts of Field Assistants, Agricultural Assistants, etc., A few appointments in this cadre have ~~already~~ been made in anticipation of approval of Government for the above proposals, in the interest of work in the schemes.

I request you, therefore, kindly to move Government in the matter and obtain their orders on this office proposals dated 27-2-1963, referred to above and communicate the same early. The question of revision of the Cadre and Recruitment Rules of the Department has been taken up separately.

In regard to the vacancies in the grade of Rs.100-200 and Rs.80-120, I presume that there is no objection for filling them up in the manner indicated in the penultimate para of this office letter dated 27-2-1963. This presumption may also be confirmed.

I request you to pay your personal attention in the matter and arrange to issue orders of Government early.

Yours sincerely,

Shri.M.A. Meccai,

Subject: Appointment of Fieldmen and Field Assistants.

--

I write to state that a number of posts of Fieldmen and Field Assistants have been sanctioned in the plan schemes. In view of the importance attached to these schemes under the National Emergency it has become an urgent necessity to fill up all these posts in order to achieve the assigned targets. But, since it has not been possible to adhere to the provisions of the Cadre and Recruitment Rules of the Department, very great difficulty is being experienced in filling up these vacancies.

There are three categories of posts in the Cadre of Field Assistants and Fieldmen in the Department at present as detailed below:

1. Agricultural Assistants
OR
2. Field Assistants .. Rs.100-5-150-6-180-10-200.
2. Field Assistants .. Rs.80-3-110-4-130-5-150.
3. Field or Agril. Asstts. .. Rs.80-2-90-3-120.

But, in the Cadre and Recruitment Rules of the Department issued through Government Notification No. GAD.41.GRR.57 dated the 26th September 1961, the posts in the grade Rs.80-150 only have been included, a separate grade of Rs.110-220, however being prescribed for the Agricultural Graduates. The minimum qualification prescribed for appointment to this grade is (i) S.S.L.C. or equivalent qualification, or (ii) L.Ag. or (iii) B.Sc., (Agri.) or (iv) Degree of a recognised University or equivalent qualification. According to these rules, the persons who are not B.Sc.(Agri.) or L.Ags. if selected for appointment will have to be sent for training in a Gramsevaks' Training Centre for two years course, those who are B.Sc.(Agri.) and L.Ags. being sent for training in a Gramsevaks' Training Centre, for a period of six months. In view of the immediate requirement of field staff of the lower category to man the various schemes sanctioned from time to time it is found not practicable to adhere to the above conditions under the existing conditions. Moreover, the five Gramsevaks' Training Centres in the State are at present fully engrossed in training the candidates selected for the posts of Gramsevaks and till the requirements of the Development Department are fully met with in respect of Gramsevaks, it may not be possible for these institutions to train the candidates selected for the posts of Field Asstts. or Agricultural Assistants. Besides, the Agricultural Graduates coming out of the two Colleges are being appointed as Agricultural Demonstrators or Extension Officers and Research Assistants in Grade Rs.150-400 and, as such, there is no likelihood of getting these

Agricultural Graduates to fill in the posts of Field Assistants on a lower scale of pay. Further with the closure of the Hebbal Agricultural School, no more L.Ags. areávailable for fresh recruitment. The scale of pay of Rs.80-150 sanctioned to these posts is not attractive enough to induce other graduates to join the Department since the very nature of duties demand that they have to serve in rural parts and also discharge exacting Field work.

In view of these difficulties and the urgency in implementing the plan schemes, I propose to fill up the vacancies in this grade, i.e. Rs.80-150, for the time being, by appointment of candidates who have passed S.S.L.C. or equivalent examination, preference however being given to those who have undergone training in the Basic Agricultural Schools and to those who have taken Agriculture as one of the optional subjects. I also propose to promote officials working in the Cadre of Fieldmen and Agricultural Assistants in grade Rs.80-120 in the ratio of 1 : 1, i.e. 50 per cent of the vacancies would be filled up by direct recruitment and the remaining 50 per cent by promotion from the lower cadre. The question of training the candidates thus appointed in any of the Gramsevaks' Training Centres when facilities become available, will however bekept in view and taken up at a later stage. This procedure will be followed till the publication of the revised draft Cadre and Recruitment Rules of the Department. In view of ~~xxxxx~~ urgeny of the work, I am taking necessary action to fill up the vacancies as per these proposals in anticipation of approval of Government. I, therefore, request that approval of Government for the same may kindly be obtained and communicated early.

In regard to the other two categories of posts which have not been included in the Cadre and Recruitment Rules of the Department, necessary action will be taken for filling up the vacancies in the grade of Rs.100-200 by promotion from the grade of Rs.80-150 and those in grade of Rs.80-120 by appointment of candidates who have completed L.S. or III Form or similar equivalent examinations and have undergone training in any of the ~~xxxx~~ Basic Agricultural Schools as was being done hitherto.

I request for early orders of Government in the matter.

Dear Sir

Subject: Appointment of Fieldmen and Field Assistants.

Ref : Government Letter No.AF.117.AEN.63 dated 16-7-1963.

***

With reference to the above and in continuation of Demi Official letter of even number dated 27-7-1963 I write to furnish below the information required by Govt. based on the data available in this office.

i. The number of posts of Agricultural Assistants shown in the Cadre and Recruitment Rules of the Department i.e. 575, does not cover all the three categories of posts. It represents only the posts then existing in the Department in the grade of Rs.80-150. Due to sanction of many plan schemes the position has changed to a great extent and the position as it stood on 1-7-1963 is as follows:

		Soil Conservation Schemes	Other Schemes	Total
a.	No. of posts existing in the grade of Rs.100-200	133	426	= 559
b.	-do- Rs.80-150	636	510	=1146
c.	-do- Rs.80-120	-	582	= 582
				1787

The posts sanctioned under Soil Conservation Schemes are shown separately since the candidates trained in the Soil Conservation training centres only are recruited to these posts whereas those trained in the Agricultural Schools as also those who have passed S.S.L.C. with Agriculture as optional subjects, etc., are proposed to be recruited to the posts in other schemes.

The above figures include also the posts allotted from different states under States Reorganisation on 1-11-1956.

I request that orders of Government on this office proposals dated 27-2-1963 may kindly be obtained and

OFFICE OF

No. Est-II/AAS/211-5307/62-63.

Date.....

To

The Secretary to the Government of Mysore,
Agriculture and Forest Department,
Bangalore.

Sir,

Subject: Filling up the vacancies of Fieldmen/Field Assistants and Agricultural Assistants.

***

I write to invite a reference to Government letter No.AF.107.AEN.63 dated 10-10-1963 with regard to appointment of Field staff.

A doubt has arisen whether by filling up the vacancies of Field Assistants, Agricultural Assistants, etc., in accordance with this office proposals dated 27-2-1963 as approved by Government through the above letter, there would be any infringement of rules, as the recruitment would not be strictly in accordance with the existing provisions of Cadre and Recruitment Rules of the Department. Therefore, I have addressed the Advocate General, Bangalore, for clarification through my letter of even number dated 26-2-1964 (copy enclosed for favour of your perusal). I request that a definite ruling may also be arranged to be issued in the matter from Government. If, however, it is considered not feasible to make any recruitment as per this office proposals dated 27-2-1963, I request you kindly to hold in abeyance the operation of the provisions of the Cadre and Recruitment Rules relating to recruitment of Agricultural Assistants in view of the difficulties explained in my letter dated 27-2-1963 and D.O. letter dated 27-7-1963 of Shri.K.S. Shivappa, Headquarters Assistant.

THE DIRECTOR OF AGRICULTURE IN MYSORE,
BANGALORE-1, FEBRUARY 26, 1964.

Est-II/AAS/211-5307/62-63,
Two.

The Advocate General,
Mysore,
Bangalore.

Subject: Filling up the vacancies of Fieldmen/Field Assistants and Agricultural Assistants.

***

I write to state that there are three categories of posts in this department, at present, in the cadre of Field Assistants/Agricultural Assistants and Fieldmen, as shown below:

i.	Agricultural Assistants/ Field Assistants.	Rs.100-5-150-6-180-10-200.
ii.	-do-	Rs.80-3-110-4-130-5-150.
iii.	Fieldmen/Agricultural Assistant.	Rs.80-2-90-3-120.

But, in the Cadre and Recruitment Rules of the Department, only the posts in the grade of Rs.80-3-110-4-130-5-150 have been included and have been designated as Agricultural Assistants. The qualifications prescribed for appointment to this grade is (i) S.S.L.C. or equivalent qualification, or (ii) L.Ag., or (iii) B.Sc. (Agri.) or (iv) Degree of a recognised University. The candidates who are not B.Sc.(Agri.) or L.Ag., if selected for appointment will have to be sent for training in a Gramsevaks' Training Centre for two years course, those who are B.Sc.(Agri.) and L.Ag. being sent for training in a Gramsevaks' Training Centre for a period of six months, duly appointing them on probation during the period

of training. But, in view of the immediate requirement of field staff it has been found to be not possible to adhere to these conditions, especially in view of the fact that the five Gramsevaks' Training Centres functioning in the State are at present fully engrossed in training the candidates selected for the post of Gramsevaks. Therefore, Government were addressed in this office letter No.Est-II/AAS/7-437/62-63 dated 27-2-1963 for approval to fill up the vacancies in this grade, i.e. Rs.80-150, for the time being, by recruitment of candidates, who have passed S.S.L.C. or equivalent examination, preference, however, being given to those who have undergone training in the Agricultural Schools as also to those who have taken Agriculture as optional subject in S.S.L.C. The condition of deputing them for training in the Gramsevaks' Training Centres was proposed to be dispensed with temporarily on account of lack of facilities at present, the same, however, being kept in view and acted upon at a later stage when facilities became available. It was also proposed to promote the officials in the grade of Rs.80-120 in the ratio of 1: 1 i.e. 50 per cent of the vacancies in the grade of Rs.80-150 was to be filled up by direct recruitment and the remaining 50% by promotion from the cadre of Fieldmen (Rs.80-120).

With regard to the other two categories in grade Rs.100-200 and Rs.80-120, which have not been brought under the purview of the cadre and Recruitment Rules of the Department, the method adopted prior to promulgation of the Cadre and Recruitment Rules of the Department was proposed to be followed for filling up the vacancies in these grades.

Government after some correspondence, have accorded approval for the above proposals with the observation that the appointments or promotions to be made should be purely on temporary basis etc., I enclose copies of this office letter dated 27-2-1963 and Government letter No.AF.107.AH.63 dated 10-10-1963 for your ready reference.

Since a doubt has now arisen whether it would amount to any infringement or breach of law or codal Rules including the Cadre and Recruitment Rules if the proposals referred to above as approved by Government are implemented, I would request you kindly to let me know whether I can proceed with the filling up of the vacancies in the manner indicated above.

I request fovfavour of an early reply.

Yours faithfully,

With reference to the above, I write to state that a reference was made to Public Service Commission, Bangalore for according concurrence to the continuance of Local Candidates in the cadre of Agricultural Demonstrators who were continued beyond nine months. To this a reply was received from the Secretary, Public Service Commission, expressing their inability to give concurrence for want of provision for the very recruitment of local Candidates in the General Recruitment Rules (vide copy enclosed). They have further stated that Government have been moved to make provision for making Local appointments in the existing cadre and recruitment rules. Thereupon a reference was again made to Public Service Commission for clarification specifically whether there would be any objection to make local appointments upto the period of 9 months in accordance with Government Official Memorandum dated 10-7-1961. The Public Service Commission re-iterated their original view and re-affirmed that there was no statutory provisions for making local appointments and the issue of amendment should be awaited (vide copy enclosed). / p135/c7

..2..

It is thus clear that there is no statutory basis for making local appointments, whether such appointments fall within the purview of Public Service Commission or other Recruitment Agencies.

In view of the position explained above, it may kindly be enlightened whether action can be taken to appoint local candidates as directed in D.O.letter dated 25-8-1965 cited above or the issue of amendment may be awaited.

I request that early orders of Government in the matter.

With reference to your letter No.Est-11/CLE/404-9519/APT/64-65 dated 1-4-1965, on the above subject, I am directed to state that the Commission is concerned only with posts carrying a pay of Rs.150/- & above. As regards the points raised at para 2 of your letter I am to state that local appointments may be made only against temporary vacancies the duration of which is not more than 9 months. Under the existing rules direct recruitment vacancies which are permanent or the duration of which is more than 9 months, should be filled up through the Public Service Commission and there is no provision in the Cadre and Recruitment Rules for filling upsuch vacancies by the appointment of local candidates. In the absence of such a provision in the Cadre and Recruitment Rules, difficulties have been expressed by several Appointing Authorities and the Commission have therefore suggested for making provisions in the General Recruitment Rules for making local appointments against direct recruitment vacancies pending filling up of vacancies as per rules subject to certain conditions. Accordingly Govt. have since proposed to issue an amendment to General Recruitment Rules, 1957, with the concurrence of the Commission, making provisions for appointment of local candidates. The issue of this amendment may therefore be awaited.

With reference to your letter No.Est.I.ADS.121/62-63 dated 4-12-1964, on the above subject, I am directed to state that the proposal under reference is not acceptable to the Commission as there is no provision in the cadre and recruitment rules for filling the direct recruitment vacancies by appointment of local candidates. In view of the difficulties arising in various departments of the Covern, ment, the Commission have on an earlier occasion suggested to the Government to issue an amendment to the rules making provision for filling the direct recruitment vacancies by temporary appointments of local candidates. Amendment to this effect has just been received. Unless and until this amendment is finalised and issued, it would not be possible for the Commission to agree to such local appointments on the direct recruitment vacancies.
